

Consent to Teaching Assistantship
Department of Neurobiology and Anatomy

To the student: The department recommends students work as a Teaching Assistant for one semester. To hold additional Teaching Assistantships, students must have the agreement of their advisor and the Director of Graduate Studies. Obtain the signatures indicated below and return this form to the Neurobiology and Anatomy Office (402 MREB) before accepting a Teaching Assistant position.

In signing below you consent to have your Graduate Student Stipend reduced so that total compensation remains constant.

Student signature: _____ Date: _____

Course: _____ Semester offered: _____

% FTE: _____

Total Stipend reduction: _____

To the advisor: In signing below you indicate your willingness to allow the student to be employed as a Teaching Assistant in the indicated course. The amount of stipend you pay the student will be reduced to reflect the percent effort devoted to the Teaching Assistantship and the correspondingly reduced effort made towards completion of the student's graduate research program.

Advisor signature: _____ Date: _____

Director of Graduate Studies: _____ Date: _____
